

ALL-PURPOSE SOUNDS GET RID OF ALL CRITTERS

EFFECTIVE BECAUSE IT CHANGES!

Repeating cannons and pyrotechnics don't work—animals and birds quickly get used to the same sounds. But CritterBlaster PRO's eight harassments can be programmed in hundreds of different combinations so pests can't acclimate.

DIGITAL HARASSMENT SOUNDS

Harsh yet harmless: terrorize animals and birds so they leave—for good.

ALL-PURPOSE SOUNDS

Sounds are *not* species-specific, so they are effective against all critters: deer, raccoons, foxes, bears, bats, rodents, geese and all birds, including birds of prey.

PROGRAMMABLE—UNIQUE FOR EVERY SITUATION

Choose any or all of eight harassment sounds, then set volume, "silent" period, order of play and hours of operation.
