**Subject:** You gotta read this!

I am the wife of the janitor for the Brown County Courthouse in Hiawatha, Kansas. He has talked to a couple of you (Joshua was one name). Commissioner Steve Roberts also talked to you and the commissioners decided to order one of the devices which you are shipping (I don't know which one - \$600).

These pigeons have been like a shadow over my husband's head and driving him nuts! Yesterday afternoon a reporter drove 50 miles to Hiawatha from St. Joe, Missouri to get a story on this! An hour later, a photographer for the paper showed up!

You have to understand the entertainment in this: my husband is NOT a public person - he prefers to stay in the shadows anywhere. Here is the link to the story.
