

QuadBlaster QB-4

See website for current pricing.

BEST SELLING ultrasonic bird repeller gets rid of bird infestations with a "Silent to Humans" audio attack. The sounds are designed to confuse, disorient and intimidate pest birds to quickly scare them away from the effective area. **Birds will not linger** while exposed to this sound!

- 4 built-in speakers emit high-frequency sounds
- Use indoors or in semi-enclosed spaces
- Low profile solution – easy to install
- Covers up 6,500 sq. ft.

Most trusted ultrasonic solution – this industry favorite is used worldwide, protecting facilities from damage and liability.

Bird-X provides bird control solutions for hundreds of top-tier corporate clients including: UPS, Boeing, Coca-Cola, American Airlines, Wrigley Field, US Air Force, Army, Navy, and many more!

Customer Testimonial

Installation was simple and quick. We have not had birds in our hangar since we installed the QuadBlaster units. You have a really great product and the service/tech support was outstanding.

—Jerry H. from Owis Head, ME

Details

- Ultrasonic repeller – sound waves that humans can't hear, but birds hate!
- Easy installation
- Safe and humane

Applications

Target pests include: pigeons, sparrows, starlings, swallows, etc.; also deters bats, rodents and other small critters.

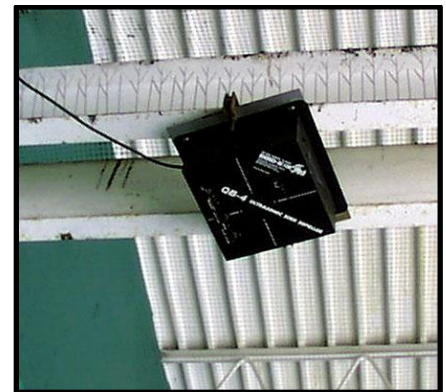

Effective coverage up to 6,500 sq. ft.

Recommended for use indoors or in semi-enclosed spaces, such as:

- Warehouses, plants, factories
- Hangars, railroad sidings, boat houses
- Tunnels, underpasses, breezeways
- Sports arenas & convention centers
- Barns, sheds, storage buildings
- Loading docks, parking garages, car washes
- Etc.

Benefits

- Cut recurring cleanup and repair costs
- Protect buildings, equipment and vehicles from corrosive bird droppings
- Reduce health and liability risks associated with pest bird infestation
- Prevent the spread of diseases, such as West Nile, Salmonella, E. Coli, Histoplasmosis and even rabies (found in bats)
- Avoid government and safety inspection failures
- Increase/maintain property aesthetics
- Decrease nuisance for residents, workers, customers, etc.
