Battery-Operated Hog Ring Tool

Designed for professional crews handling extensive bird netting installations, this battery-powered hog ring tool from Bird-X provides the speed, strength, and flexibility required for demanding projects. Its cordless construction removes the need for compressors, hoses, and excess noise, allowing installers to work quickly and comfortably, whether they're on rooftops or navigating confined indoor areas.

Key Features & Benefits

- **Instant Firing:** Fast, instantaneous ring deployment with zero delay between shots.
- **1,000 Rings / Charge:** Over 1,000 ring shots per 20V battery charge - to maximize productivity.
- **100-Ring Magazine:** Holds 100 rings at a time to minimize reloads during large installs.
- **Lightweight & Ergonomic Design:** Lightweight, ergonomic build reduces fatigue during extended overhead work.
- **Cordless operation:** No dragging hoses or compressors across worksites. Work in tight spaces or remote locations with total freedom, without the noise of pneumatic tools.

Package Includes

- Protective Carrying Case
- Battery Powered Hog Ring Tool
- Two 20V Battery Packs
- Battery Charger
- Belt Attachment Kit
- Handle
- Lubricant
- Operator Manual

Specifications

Ring Size: 3/4" C-Style 15-gauge fasteners

Ring Material: Stainless Steel

Voltage: 20V

Rings/Charge: >1,000

Magazine: 100 rings

Tool Weight: 7.3 lbs.

Power Type: Cordless battery

Batteries: 2 packs and charger included

SKU: MTG-BO-RT
