

BirdXPeller Pro

The BirdXPeller Pro effectively deters birds from outdoor areas by utilizing a combination of naturally recorded bird alarm and distress calls, along with predator sounds. This sonic deterrent is designed to create an environment that feels unsafe for birds, encouraging them to stay away.

Key Features & Benefits

- **Optimal Sound Coverage:** Equipped with a powerful built-in speaker for maximum coverage.
- **Fully Programmable:** Easy-to-use switches allow users to optimize sounds, intervals and volume for best performance.
- **Flexible Operation Modes:** Choose from day, night, 24-hour, or random settings for tailored protection in dynamic environments.
- **Durable Design:** Robust ABS housing provides long-lasting, reliable performance.

Specifications

Part Numbers: BXP-PRO-1; BXP-PRO-2; BXP-PRO-WP

Bird Species Version 1: Pigeons, Starlings, Sparrows, and Gulls

Bird Species Version 2: Crows, Blackbirds, Grackles, Cormorants, and Ravens

Bird Species Version WP: Woodpeckers

Listings: CE Marked and UL Listed power supply

EPA EST: 075310-OR-001

Voltage: 110V, 220V, 240V

Sound Pressure: 105 – 110dB at 1 meter

Cord Length: 5 ft. (110V); 6 ft. (220V/240V)

Coverage Area: 1 acre (43,560 sq. ft)

Dimensions: 6" x 8.5" x 4"

Weight: 3 lbs.

Applications

- Bird control in agricultural fields
- Open warehouses, barns, and storage facilities
- Outdoor patios and public spaces
- Rooftops, parking structures, and commercial buildings
- Airports and hangars
- Marinas and docks
- Public parks, golf courses, and recreational areas
- Sports complexes, athletic fields

Package Includes

- Control Unit
- Sound card
- Power adapter
- Mounting bracket
- Battery cable and clips
