**Frequency:** Ultrasonic: 15–25 kHz; Sonic: 3–5 kHz

**Cord Length:** 5 ft. (110V); 6 ft. (220V/240V)

**Coverage Area:** Up to 4 acres

**Control Unit Dimensions:** 9"x9"x5"

**Speaker Dimensions:** 4"x4"x6"

**Weight:** 10 lbs.

## BroadBand PRO

Repel birds and other pests with the BroadBand PRO, a powerful sonic and ultrasonic electronic pest repeller designed to target various animals, including deer, rats, skunks, raccoons, pigeons, gulls, and more. The 4-speaker system confuses, disorients, and intimidates pests, ensuring they don't linger in protected areas. With coverage of up to 4 acres and the option to add visual scares, this versatile unit is perfect for outdoor or semi-enclosed locations. Its durable design and advanced features make it an ideal choice for residential, commercial, and agricultural settings.

### Key Features & Benefits

- **Dual Sonic & Ultrasonic Protection:** Repels a variety of pests including mammals and birds, offering comprehensive coverage.
- **Large Coverage Area:** Protects up to 4 acres, making it perfect for large properties or outdoor spaces.
- **Multiple Operation Modes:** Choose from Day, Night, 24-hour, or random operation for flexible control.
- **Powerful Sound Output:** Delivers ultrasonic frequencies at 95–102 dB and sonic frequencies at 105–110 dB for maximum effectiveness.
- **Durable Design:** Features robust ABS housing for

weather resistance and longevity in outdoor environments.

- **Complete Kit:** includes a control unit, sound card, power adapter, mounting bracket, and four external speakers, each with 100 ft of cable for easy setup.
- **Fully programmable:** Control volume, sound delays, and daylight/night operation modes.
