

Specifications

Part Numbers: BB-PRO

Species: Pigeons, bats, gulls

Listings: Supply power source is UL and CE listed

EPA EST: 075130-OR-001

Voltage: 110V, 220V, 240V

Sound Pressure: Ultrasonic: 95–102 dB at 1M per speaker; Sonic: 105–110 dB at 1M per speaker

Frequency: Ultrasonic: 15–25 kHz; Sonic: 3–5 kHz

Cord Length: 5 ft. (110V); 6 ft. (220V/240V)

Coverage Area: Up to 6 acres

Control Unit Dimensions: 9"x9"x5"

Speaker Dimensions: 4"x4"x6"

Weight: 10 lbs.

BroadBand PRO

Repel birds and other pests with the BroadBand PRO, a powerful sonic and ultrasonic electronic pest repeller designed to target various animals, including deer, rats, skunks, raccoons, pigeons, gulls, and more. The 4-speaker system confuses, disorients, and intimidates pests, ensuring they don't linger in protected areas. With coverage of up to 6 acres and the option to add visual scares, this versatile unit is perfect for outdoor or semi-enclosed locations. Its durable design and advanced features make it an ideal choice for residential, commercial, and agricultural settings.

Key Features & Benefits

- **Dual Sonic & Ultrasonic Protection:** Repels a variety of pests including mammals and birds, offering comprehensive coverage.
- **Large Coverage Area:** Protects up to 6 acres, making it perfect for large properties or outdoor spaces.
- **Multiple Operation Modes:** Choose from Day, Night, 24-hour, or random operation for flexible control.
- **Powerful Sound Output:** Delivers ultrasonic frequencies at 95–102 dB and sonic frequencies at 105–110 dB for maximum effectiveness.
- **Durable Design:** Features robust ABS housing for

weather resistance and longevity in outdoor environments.

- **Complete Kit:** includes a control unit, sound card, power adapter, mounting bracket, and four external speakers, each with 100 ft of cable for easy setup.
- **Fully programmable:** Control volume, sound delays, and daylight/night operation modes.
