GooseBuster® Pro – Basic Bundle

Protect Your Property from Pesky Geese and Birds

Homeowners, are you tired of dealing with Canada geese and other pest birds ruining your outdoor spaces? The GooseBuster® PRO Basic Bundle is your all-in-one solution for keeping your lawn, garden, and outdoor areas free from these nuisances. This scientifically proven bundle combines advanced technology with simple, effective tools to ensure your property stays clean, safe, and bird-free.

What's Included in the GB PRO – Basic Bundle:

(1) GooseBuster® Pro – a single speaker sonic deterrent.

- Scientifically developed system using decades of research on Canada geese behavior and vocal communications.
- Broadcasts of authentic goose alerts and alarm calls create a sense of danger, forcing geese to evacuate.

(2) 3-D Coyotes – a lifelike reproduction of a predator that moves in the wind.

- Lifelike predator replicas with moving fur tails to frighten geese, birds, and small pests.
- Effective even at long distances due to birds' strong vision.

(1) 25 Feet of Irri-Tape® - a holographic visual deterrent that makes birds uneasy.

- Holographic bird tape that flashes light as it blows in the wind.
- A deterrent that disorients and irritates pest birds.

Why Choose the GB PRO – Basic Bundle?

- **Scientifically Proven Results:** The GooseBuster® uses real goose calls to create an environment geese can't tolerate.
- **Multi-Layered Defense:** Combines visual, auditory, and sensory deterrents for maximum effectiveness.
- **Safe and Humane:** Keeps birds away without harming them or the environment.
- **Easy to Use:** Simple installation and maintenance make it a homeowner-friendly solution.

Don't let geese and pest birds take over your property. With the GooseBuster® PRO – Basic Bundle, you can reclaim your outdoor spaces and enjoy a clean, peaceful environment year-round!
