

## Specifications

**Part Numbers:** GB

**Bird Species:** Geese

**Listings:** Power supply source is UL, cUL, and CE listed

**EPA EST:** EPA 62617-OR-001

**Voltage:** 110V, 220V, 240V

**Sound Pressure:** 0 – 110dB

**Cord Length:** 5 ft. (110V); 6 ft. (220V/240V)

**Coverage Area:** Up to 4 acres

**Control Unit Dimensions:** 12"x10"x7"

**Speaker Dimensions:** 10"x8"x5"

**Weight:** 20 lbs.

## Goosebuster®

The four-speaker Goosebuster® effectively deters geese from outdoor areas by utilizing a combination of naturally recorded goose alarm and distress calls, along with predator sounds. This dynamic sonic deterrent is designed to create an environment that feels unsafe for geese, encouraging them to stay away.

### Key Features & Benefits

- **Optimal Sound Coverage:** Equipped with four powerful speakers, each with 100' of cable for maximum coverage.
- **Fully Programmable:** Easy-to-use switches allow users to optimize sounds, intervals and volume for best performance.
- **Flexible Operation Modes:** Choose from day, night, 24-hour, or random settings for tailored protection in dynamic environments.
- **Durable Design:** Robust ABS housing provides long-lasting, reliable performance.

### Applications

- Bird control in agricultural fields
- Open warehouses, barns, and storage facilities
- Outdoor patios and public spaces
- Rooftops, parking structures, and commercial buildings
- Airports and hangars
- Marinas and docks
- Public parks, golf courses, and recreational areas
- Sports complexes, athletic fields

### Package Includes

- Control Unit
- Sound card
- Power adapter
- Mounting bracket
- Battery cable and clips
- Four external speakers with 100' of cable each
