

Scare-Eye® Balloons

3D Predator Eye Balloons

Scare-Eye Balloons keep birds away with Inflatable visual deterrents that move in the wind and intimidate pest birds. The set includes three balloons: yellow, white, and black. It is an easy-to-use, cost-effective solution that can be installed anywhere. It includes strings, Mylar eyes, and Mylar tails for each vinyl balloon bird scare.

Key Features

Striking Visual Features

- Lifelike 3D predator eyes create a dynamic, wind-activated deterrent.
- Mylar tails on the balloons reflect light, scaring birds away.
- Bright yellow, black, and white colors enhance visibility across large areas.

Targeted Pest Elimination

- Deters pigeons, sparrows, crows, seagulls, woodpeckers, swallows, and more.
- Mimics natural predators to disrupt nesting and feeding behaviors.

Durable & Weatherproof

- Made of heavy-duty vinyl for year-round outdoor use.
- Resists UV damage, rain, and wind.

Why Choose Scare-Eye Balloons?

Cost-Effective Protection

- Reduces cleanup costs, property damage, and fire risks from nesting in vents/chimneys.
- Prevents crop loss and corrosive damage from bird droppings.

Easy Installation

- Inflate, fasten with included strings, and hang in fewer than 3 minutes.
- Ideal for gardens, rooftops, farms, restaurants, docks, and garages.

Humane & Eco-Friendly

- No harmful chemicals or traps—safe for birds and the environment.
