Super BirdXPeller Pro

The BirdXPeller Pro effectively deters birds from large outdoor areas by utilizing a combination of naturally recorded bird alarm and distress calls, along with predator sounds. This dynamic audio solution is designed to create an environment that feels unsafe for birds, encouraging them to stay away.

Key Features & Benefits

- **Optimal Sound Coverage:** Four external speakers with 100' of cable allow for large area coverage and optimal placement.
- **Fully Programmable:** Easy-to-use switches allow users to optimize sounds, intervals and volume for best performance.
- **Flexible Operation Modes:** Choose from day, night, 24-hour, or random settings for tailored protection in dynamic environments.
- **Durable Design:** Robust ABS housing provides long-lasting, reliable performance.
