

## Terror Eyes® 3D Balloon Scare

*Humane Bird Deterrent for Large Outdoor Spaces*

A highly visible, inflatable predator balloon designed to mimic the intimidating presence of an owl. Its lifelike 3D holographic eyes, vibrant colors, and dynamic movement in the wind create a convincing predator illusion to repel birds and pests. It is ideal for farms, warehouses, gardens, and commercial properties.

### Key Features

- **3D Predator Design:** Realistic owl decoy with fierce eyes and natural predator markings to instill fear in birds.
- **Wind-Activated Motion:** Swivels and rotates in the breeze, enhancing realism and effectiveness.
- **Broad Coverage:** Protects up to 1,000 sq. ft. per unit (expandable to 1 acre with multiple units).
- **Humane & Safe:** No chemicals or traps—safe for children, pets, and the environment.
- **Low Maintenance:** Weather-resistant materials withstand rain, UV rays, and wind.

### Why Terror Eyes® Works

- **Visual Deterrence:** Mimics natural predators like owls and hawks, triggering birds' instinct to flee.
- **Multi-Species Effectiveness:** Repels pigeons, ducks, geese, seagulls, rodents, rabbits, and more.
- **Cost Savings:** Reduces cleanup costs, property damage, and health risks from droppings.

### Ideal For:

- Farms & Barns
- Parking Garages
- Warehouses & Rooftops
- Vineyards & Gardens

### Technical Specifications

- **Material:** Durable, UV-stabilized PVC.
- **Dimensions:** 24" diameter (inflated).
- **Package Includes:** Balloon, string, repair kit, and storage bag.
