

Bird-X Outdoor Laser II

Bird-X Outdoor Laser II is a powerful and effective solution for deterring pest birds from various outdoor spaces, utilizing a safe but powerful Class 3R laser that emits red and green multiple light patterns that effectively chase away birds from areas up to 4,000 sq. ft. The laser's advanced features ensure optimal performance and prevents habituation.

Key Features & Benefits

- **Laser Type:** Class 3R
- **Light Patterns:** Red and Green multiple patterns
- **Coverage Area:** Up to 4,000 sq. ft.
- **Operation Intervals:** Selectable cycles of 2, 4, 6, or 8 hours to prevent bird habituation
- **Pre-Programmed On/Off Cycles:** Ensures consistent effectiveness
- **Durable Construction:** Cast aluminum housing with a mounting bracket and hardware
- **Cord Length:** Four-foot cord for flexible installation
- **Remote Control:** Wireless remote control for convenient operation
- **Safety Features:** Includes a safety lock-out key to prevent unauthorized use

Specifications

- Laser Class:** 3R
- Laser Colors:** Red and Green
- Beam Angle:** 60 °
- Laser Power Output:** 50 – 100 mW
- Voltage:** 100V to 240V AC, 50-60Hz
- Power Consumption:** 50W
- Rating:** IP65
- Housing Material:** Cast Aluminum
- Coverage Area:** 4,000 sq. ft.
- Operating Temperature:** -35° to 40°C
- Cord Length:** 5 ft.
- Dimensions:** 10.2"x7"x9"
- Weight:** 6.61
- Operation Cycles:** 2, 4, 6, 8 hours
- Additional Features:** Manual shutter for beam distribution control

Applications

- Industrial areas
- Lumber yards
- Construction sites
- Boat houses
- Porticos
- Barns

Package Includes

- Outdoor Laser Bird Repellent
- Mounting Bracket and Hardware
- Wireless Remote Control
- (2) Safety Lockout Keys
- Manual Locking Shutter
- 5-Foot Cord
